From: Judi Wilkinson, R.N., Chief
Licensing and Certification Program
Training Program Review Unit

Subject: Home Health Aide Training Program Application Packet

Thank you for your interest in establishing a Home Health Aide (HHA) Training Program in California. The California Department of Public Health (CDPH), Aide and Technician Certification Section (ATCS), Training Program Review Unit (TPRU), oversees the HHA Training Programs. In this packet you will find an application, documents, samples and instructions for completing the 120 Hour Home Health Aide (HHA) Training Program Application (CDPH 191) and the 40 Hour Home Health Aide (HHA) Training Program Application (CDPH 171).

Your application will be reviewed by one (1) of our TPRU Representatives. The TPRU Representative is assigned to applicants according to the county where the Training Program is going to be offered. Los Angeles County is divided among five (5) Representatives by alphabetical designation according to the name of the facility or school (see link http://www.cdph.ca.gov/services/training/Pages/ReviewUnit.aspx).

Applications are date stamped when received in the unit’s mailroom and are processed in date order by the TPRU Representative. Starting from the date an application is received, the Department will make a decision whether to approve or disapprove it within ninety (90) days. After ninety (90) days an incomplete application will be disapproved. The applicant will be notified in writing the reason for disapproval.

A thoroughly completed application accompanied by the required documents is essential for program approval. Faxed and email documents will not be accepted for any part of the program application. The HHA Training Program must be approved by the TPRU Representative before training can commence.
The following forms must be submitted for approval to offer the 120 Hour HHA Training Program:
1. 120 Hour Home Health Aide (HHA) Training Program Application (CDPH 191), including all documents noted on the form
2. 120 Hour Home Health Aide (HHA) Training Program Current Curriculum (CDPH 191A)
3. 120 Hour Home Health Aide (HHA) Training Program Faculty Application (CDPH 191B)

The following forms must be submitted for approval to offer the 40 Hour HHA Training Program:
1. 40 Hour Home Health Aide (HHA) Training Program Application (CDPH 171), including all documents noted on the form
2. 40 Hour Home Health Aide (HHA) Training Program Current Curriculum (CDPH 171A)
3. 40 Hour Home Health Aide (HHA) Training Program Faculty Application (CDPH 171B)

If you have any questions, please call the TPRU Representative assigned to your county (see link http://www.cdph.ca.gov/services/training/Pages/ReviewUnit.aspx). There is also additional information within the HHA Training Program Application Packet to assist in the submission of the forms and supplemental documents.

To avoid additional processing time, please make sure that all information is completed in detail. When completed, mail your application regular postal mail to the address below. Overnight mail, certified mail and Fed-Ex mail will delay our receipt process.

APPLICATION FORMS/DOCUMENTS FOR THE
120 HOUR HHA TRAINING PROGRAM

Please submit the following nine (9) items for the 120 Hour HHA Training Program Application Review Process:

1. 120 Hour HHA Training Program Application (CDPH 191):
   Including a copy of the 120 Hour Home Health Aide (HHA) Training Program Curriculum (CDPH 191A). This includes the five (5) topics listed below required in accordance with state and federal regulations (see CDPH 191A), including the minimum number of class hours and clinical practice hours. These topics are found at CCR, Title 22, Section 74747 and CFR, Section 484.36:
   a) Introduction to the Aide and Agency Role
   b) Interpretation of Medical and Social Needs of People Being Served
   c) Personal Care Services
   d) Nutrition
   e) Cleaning and Care Tasks in the Home

   Also, per federal regulation, sixteen (16) hours of federal classroom instruction must be provided prior to patient contact. These topics include: infection control, patient rights, communication, safety and emergency services, and promotion independence of patients. These topics can be taught separately as a sixth topic, or they may be included in the five (5) topics above (a-e).

   Total hours may not be less than one-hundred and twenty (120) hours. Classroom hours may not exceed seventy-five (75) hours and the recommended minimum number of hours for clinical is sixty-one (61) hours. Lab hours are also recommended and cannot count in the classroom or clinical hour totals. A copy of the 120 Hour Home Health Aide (HHA) Training Program Curriculum (CDPH 191A) would include all components of classroom and clinical training, including assignments and methods of evaluating student learning (tests, skill demonstration, etc.).

2. Five (5) Lesson Plans:
   One (1) lesson plan per each of the five (5) topics. List the contents of the lesson plan which would include: objectives, student performance standards, learning activities, skill demonstration, and method of evaluation (testing).

3. Copy of Student Record:
   This form will be used to document and validate the classroom/clinical curriculum, including skill demonstration and evaluation. The student record will include the date and hours of instruction, date and skill of demonstration/evaluation, and the name of the instructor performing the skill evaluation. Records will be maintained for a four (4) year period, and will be made available to the Department for review upon request.

4. Resume for Registered Nurse (RN) Instructor(s):
   Approved HHA Instructors must be approved by the Department. RN’s must have at least two (2) years of RN nursing experience, with one (1) year of employment in the provision of direct care in a Home Health Agency.

   Licensed Vocational Nurses (LVNs) are not approved as HHA Training Program Instructors. The person designated by the Training Program provider as an RN Program Director for the HHA Training Program has the same qualifications as an Instructor. If an RN does not have the one (1) year Home Health Agency experience, the Department will accept a PHN certification by the California Board of Registered Nursing as meeting the one (1) year qualification. The resume must include: month/year to month/year of nursing experience, name/address/phone number of employer and the name of the supervisor. Resumes that lack verifiable information will not be approved.

5. Clinical Site Agreement(s):
   HHA Training Programs must provide clinical training for students in a health facility setting to ensure that students have the opportunity to practice and demonstrate nursing and home care skills with direct patient contact. The health facility types that are approved by the Department to be clinical sites are licensed as:
Home Health/Hospice Agencies, Acute Care Hospitals, and Skilled Nursing Facilities (SNF). The focus of the training is about how care and services are delivered in the home environment, and not in an institutionalized setting. The clinical site facility must be in compliance with state and federal regulations and must not have a Department imposed two (2) year Training Program ban secondary to enforcement actions.

Clinical site agreement components must include the following at a minimum:

a) The agreement must describe the separate responsibilities of the Training Program and the responsibilities of the health facility. The agreement must clearly describe the name and address of the parties, be developed jointly with the clinical facility and signed/dated by the administration of both parties. The agreement must not be an open-ended contract. The agreement is valid for a two (2) year period. Both parties must agree to follow all local, state and federal laws and regulations.

b) The school must be responsible for all training in its entirety and cannot allow facility staff to train/teach/monitor/shadow/proctor students. The Department approved RN Instructors must provide direct and immediate supervision of the students at the facility during the clinical training.

c) The skills must be evaluated in the clinical setting with patients and recorded on the student record.

d) The school must work collaboratively with the facility to establish a clinical schedule with dates and times. The school will furnish the facility with a list of student names including dates and times of the training schedule.

e) The school will ensure that the students have had the following, prior to direct care in the clinical setting:
   • Criminal Screening (must be completed upon enrollment).
   • Physical examination which includes tuberculin (TB) skin test (PPD) or chest x-ray.
   • Physical examination results signed by the individual doing the examination, indicating that the student does not have any health condition that would interfere with the students’ ability to perform care duties, and that the student is free from signs and symptoms of infectious disease.

The Training Program must supply a list of student names to the facilities that have met the above criteria. It is the responsibility of the school to provide documentation that the students in the clinical setting do not pose a health risk to patients/residents.

6. Policies and Procedures:

a) Job descriptions related to Instructors and/or the Program Director.

b) Organizational chart showing the person responsible for the program, lines of authority, responsibility, communication, staff assignments and schedules.

c) The method of monitoring instructors by the individual responsible for the Training Program.

d) The ratio of students to instructor during the clinical setting will be no greater than fifteen (15) students to one (1) instructor.

e) How student absenteeism and makeup classes/assignments are handled. All makeup time must be hour for hour with the instructor present.

f) The Training Program must ensure that the Initial Application (CDPH 283 B) and Live Scan documents are sent to CDPH upon enrollment.

g) The Training Program will not make false or misleading claims or advertisement regarding training provided.

h) Ensure that the Training Program will meet all federal and state requirements regarding curriculum/clinical topics and minimum hours.

i) Health examination and TB screening completed prior to patient contact.

j) Record keeping, describing individuals responsible for student records, timeframe for keeping records four (4) years, confidential/security issues, and location where student records are stored.

7. Disclosure of Ownership and Control Interest Statement (CDPH 276D) for proprietary schools only

8. 120 Hour Home Health Aide (HHA) Training Program Current Curriculum (CDPH 191A)

9. 120 Hour Home Health Aide (HHA) Training Program Faculty Application (CDPH 191B)
Information Regarding the 40 Hour HHA Training Program Model:
The 40 Hour Model Curriculum for HHAs, as developed by the California Community College Health Care Initiative and the Regional Health Occupations Resource Centers in 1994 and updated in 2006, will be utilized in this Training Program. Only individuals with a current Certified Nurse Assistant (CNA) certificate may be enrolled in a 40 Hour HHA Training Program (HHP) to become a certified HHA. The Department may also allow individuals who have successfully completed a Nurse Assistant Training Program (NATP) enroll in a 40 Hour HHA Program if the school/provider has a “separate and consecutive” program. Such NATP programs may end and start a HHP on a Monday. If a training provider is running a separate and consecutive training program, then they must do the following:

a) Ensure the NATP and HHP are offered as separate programs.
b) Follow the NATP curriculum and approved schedule, including clinical hours with Department approved Instructors, then follow the HHP training curriculum/clinical hours with Department approved RN Instructors.
c) Each NATP and HHP has its own start and end date and is advertised as two (2) classes.
d) Each class start date requires a separate Initial Application (CDPH 283B) be sent to ATCS.
e) The NATP ensures that instructions are provided to students during enrollment; students who continue to take the HHP course will not be issued a HHA Certificate from the state until they have passed the CNA Competency Examination from a state approved testing vendor.

Please submit the following eight (8) items for review during the 40 Hour HHA Training Program Application Process:

1. 40 Hour HHA Training Program Application (CDPH 171):
   Including all the documents noted on the form.

2. Letter with Statement:
   Attesting that the school will use all components of classroom and clinical training (including assignments and tests) in accordance with the 40 Hour Model Curriculum for HHAs, as developed by the California Community College Chancellor’s Office. Free download located at [www.CA-hwi.org](http://www.CA-hwi.org) (see product ordering CNA, Acute Care Nursing Assistant and HHA Curriculum).

3. Copy of Student Record:
   To validate classroom and clinical curriculum, including skill evaluation. The student record will include date of instruction, hours of instruction, date of skill demonstration/evaluation, and name of approved Instructor providing the evaluation. Student records will be maintained by the program for four (4) years and will be made available to the Department upon request.

4. Resume for RN Instructor:
   HHA Instructors must be approved by the Department. RNs must have at least two (2) years of RN nursing experience with one (1) year of employment in the provision of direct care in a Home Health Agency.

   LVNs are not approved as HHA Training Program Instructors. The person designated by the Training Program provider as an RN Program Director for the HHA Training Program has the same qualifications as an Instructor. If an RN does not have the one (1) year Home Health Agency experience, the Department will accept a PHN certification by the California Board of Registered Nursing as meeting the one (1) year qualification. The resume must include: month/year to month/year of nursing experience, name/address/phone number of employer and the name of the supervisor. Resumes that lack verifiable information will not be approved.
5. Clinical Site Agreement(s):
Students will receive twenty (20) hours of supervised clinical training. The HHA Training Program has full responsibility of classroom and clinical training. The health facility types that are approved by the Department to be clinical sites are licensed as: Home Health/Hospice Agencies, Acute Care Hospitals, and Skilled Nursing Facilities. The focus of the training is about how care and services are delivered in the home environment and not in an institutionalized setting. The clinical site facility must be in compliance with state and federal regulations and must not have a Department imposed two (2) year training program ban secondary to enforcement actions.

Clinical site agreement components must include the following at a minimum:

a) The agreement must describe the separate responsibilities of the training program and the responsibilities of the health facility. The agreement must clearly describe the name and address of the parties, be developed jointly with the clinical facility and signed and dated by the administration of both parties. The agreement must not be an open-ended contract. The agreement is valid for a two (2) year period. Both parties must agree to follow all local, state and federal laws and regulations.

b) The school must be responsible for all training in its entirety and cannot allow facility staff to train/teach/monitor/shadow/proctor students. The Department approved RN Instructors must provide direct and immediate supervision of the students at the facility during the clinical training.

c) The skills must be evaluated in the clinical setting with patients and recorded on the student record.

e) The school will ensure that the students have had the following, prior to direct care in the clinical setting:
   • Criminal Screening (must be completed upon enrollment).
   • Physical examination which includes tuberculin (TB) skin test (PPD) or chest x-ray.
   • Physical examination results signed by the individual doing the examination, indicating that the student does not have any health condition that would interfere with the students’ ability to perform care duties, and that the student is free from signs and symptoms of infectious disease.
   • The Training Program must supply a list of student names to the facilities that have met the above criteria. It is the responsibility of the school to provide documentation that the students in the clinical setting do not pose a health risk to patients/residents.

6. Disclosure of Ownership and Control Interest Statement (CDPH 276D) for proprietary schools only
7. 40 Hour Home Health Aide (HHA) Training Program Current Curriculum (CDPH 171A)
8. 40 Hour Home Health Aide (HHA) Training Program Faculty Application (CDPH 171B)
The Department no longer approves 40 Hour HHA Training Programs which are not associated with the NATP unless the provider is a Home Health Agency. If the provider is a Home Health Agency, please submit the following forms, including all documents noted on the forms:

1. 40 Hour Home Health Aide (HHA) Training Program Application (CDPH 171)
2. 40 Hour Home Health Aide (HHA) Training Program Current Curriculum (CDPH 171A)
3. 40 Hour Home Health Aide (HHA) Training Program Faculty Application (CDPH 171B)

40 HOUR HOME HEALTH AIDE (HHA)
TRAINING PROGRAM CURRENT CURRICULUM

The 40 Hour Model Curriculum for HHAs, as developed by the California Community College Health Care Initiative and the Regional Health Occupations Resource Centers in 1994 and updated in 2006, will be utilized in this Training Program by teaching the topics noted below in the hours allocated (class/clinic practice). In addition, the lesson plans, performance standards, manual skills and the student learning activities and assignments will be implemented throughout the course.

The intent of the curriculum is to build upon the knowledge, skills and ability that individuals possess as nurse assistants. The curriculum is for the student who has completed a 150 Hour Nurse Aide Training Program and who already possesses a nurse assistant certificate. HHA curriculum hours represent 40 minimum hours, 20 hours which are clinical.

Clinical practice hours can be completed in the following types of health care facilities: Skilled Nursing Facilities, Home Health and/or Hospice Agencies, and in Acute Care Hospital settings. The focus of the clinical training is on home care and demonstration of skills with patients, by supervision of a Registered Nurse (RN). Student to instructor ratio will not exceed fifteen to one (15/1).

The Training Program will also develop and maintain student records to verify that above topics were taught in the hours allocated, as well as clinical hours and manual skills. The student records will be maintained for four (4) years and will be made available to the Department upon request. Failure to provide and document the HHA training per the curriculum, as well as meet the clinical and instructor requirements will result in the inactivation of the HHA Training Program and the inability of the HHA student to receive the state issued HHA certificate from the Registry.

**Attestation Statement:**
I agree to follow the state and federal HHA training requirements by utilizing the 40 Hour Model Curriculum for HHAs by California Community College Chancellor's Office (revised 2006). I also acknowledge compliance with the state clinical setting requirement, as noted in California Code of Regulations (CCR), Title 22, Section 74747(e), instructor requirements in CCR, Title 22, Section 74747(d) and the Code of Federal Regulations, Section 483.36, and also agree to maintain student records for a minimum of four (4) years.

CRIMINAL RECORD CLEARANCE

Upon enrollment in a CDPH-approved training program, the applicant must be fingerprinted through the Live Scan process. For a list of mandatory convictions (which will result in mandatory denial or revocation of certification), please visit our website at: www.cdph.ca.gov. All convictions are reviewed. Applicants must present valid photo identification to the Live Scan Operator. Expired identification cards will not be accepted.

Rolling fees vary from location to location and cover only the operator's cost for rolling the fingerprint images. Additional processing fees are required for the State (DOJ) and Federal (FBI) level criminal history record checks. Other fees may also be required (i.e., license fees).
