Street                                                               City                              State            Zip Code

Note: One copy of each publication will be sent unless otherwise noted. One copy limit per publication
for orders outside of California. All of the following publications are also available on our website.

Publications are listed by project:

• Asthma
• Carpal Tunnel Syndrome (CTS)
• Construction Falls
• Fatality Assessment & Control Evaluation (FACE)
• Hospital Epidemiology and Infection Control
• Pesticides

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

Asthma:

Brochures, Fact Sheets, & Newsletters:

_____ Asthma Risk in Making Heart Valves (glutaraldehyde) - Occupational Health Watch, Summer 2007, page 3

_____ Push for Better Protection Against Asthma and Five More Years to Focus on Workplace Asthma - Occupational Health Watch, Fall 2005, page 9

_____ Cleaning Products Can Trigger Work-related Asthma - Occupational Health Watch, Summer 2004, page 10
Reports and Journal Articles:

-- Investigation of Work-Related Glutaraldehyde Exposures at Two Heart Valve Manufacturing Companies. (11-page executive summary, March 2006)

-- Transforming Medical Waste Disposal Practices to Protect Public Health: Worker Health and Safety and the Implementation of Large Scale, Off-Site Steam Autoclaves. (104 page report, February 2006)

-- Processes of Care for Individuals with Work-related Asthma (abstract, AAOHN Journal, 2004; 52:327-337)

Carpal Tunnel Syndrome (CTS):

Newsletters:

___ Solutions Available for Costly Carpal Tunnel Syndrome; CTS Found in Manufacturing, Service, other Industries - Occupational Health Watch, Spring 2003, pages 1-2

___ Computer Suspected Cause in 53% of Carpal Tunnel Cases - Occupational Health Watch, Summer 2002, page 3

___ Prevention of Carpal Tunnel Syndrome in California (4 pages, June 2002)

Fact sheets:

___ 911 Dispatchers - Helping Others Shouldn't Hurt You!

___ Drywall Installers - Prevent Back, Wrist, Neck and Shoulder Injuries

___ Grocery Cashiers - Serving Customers Shouldn't Hurt You!

___ Lab Workers - Take the Pain Out of Pipetting

___ Nursery Workers - Prevent Back, Hand, Neck and Wrist Problems!

___ Pavement Breaker Operators - Prevent Back, Joint, and Muscle Injuries!

___ Sewing Machine Operators - Feel Better! Work Better!

   English _____ Chinese _____ Spanish _____

Construction Falls:

Newsletters:

___ Carpenters are most likely to fall - Occupational Health Watch, Fall 2005, page 7

___ Focus on falls - Ladder falls injure many in construction - Occupational Health Watch, Summer 2004, pages 2-3

___ Falls and Silicosis Tracking - Occupational Health Watch, Spring 2003, page 11

Guidelines:

___ Fall Prevention Guidelines - English _____ Spanish _____
Fatality Assessment & Control Evaluation (FACE):

Brochures & Newsletters:

- FACE Brochure: Common Questions about the California FACE program.
- Working and Dying in Los Angeles County: Eleven years of FACE investigations - Occupational Health Watch, Summer 2004, pages 6-7
- Dangerous Jobs and the Workers who Have Them - Occupational Health Watch, Summer 2002, page 4
